

We'll keep you updated throughout the process

Once you pledge you'll receive an email confirmation.

We'll then let you know when your scheme has hit 50%, 75% and 100% of the pledge target required.

So, it's important that you opt in to receive these when you pledge your voucher.

- ☒ One pledge per address
- ☒ Owners of more than one property can pledge for each address assuming fibre will be ordered for each
- ☒ Sole traders/businesses will need to provide proof of status to the UK Government
- ☐ If we don't get the required number of pledges the scheme will be closed and you will be released from your voucher pledge

➔ **Pledge your voucher at: www.openreach.co.uk/connectmycommunity**

*Vouchers may vary based on Local Authority additional contributions. T&C's Apply

Openreach is Britain's digital network business. We connect homes, mobile phone masts, schools, shops, banks, hospitals, libraries, broadcasters, governments and businesses - large and small - to the world. © British Telecommunications plc 2020. Openreach Limited. Registered office: Kelvin House, 123 Judd Street, London WC1H 9NP. Registered in England and Wales no. 10690039. Produced by Openreach.

Pledge your voucher with Openreach

There's an opportunity to bring Ultrafast Full Fibre broadband to some properties in your area, in partnership with Openreach, using UK Government funding.

Eligible residents qualify for up to £1,500 in vouchers and small businesses or sole traders up to £3,500*. This will fund the cost of the fibre infrastructure build.

Openreach is one of the UK Government's registered network build suppliers and we've helped hundreds of communities across the UK to get reliable, high-speed broadband.

You, your neighbours and Openreach. Let's get your community connected.

➔ **Pledge your voucher at: www.openreach.co.uk/connectmycommunity**

What is the voucher scheme?

Gigabit-capable, or Ultrafast Full Fibre broadband connections offer the fastest and most reliable speeds available. The UK Gigabit Voucher scheme supports eligible communities to team up with a network provider to bring that technology to them.

Can I choose the broadband provider I use?

Yes, Openreach will build an open network, meaning that you can order from a service provider of your choice, assuming they sell in your area.

Are there any terms and conditions I should be aware of?

The main condition of the voucher is that once the network is in place, you order a Full Fibre service within 2 weeks. This can be with a communications provider of your choice for a minimum of 12 months.

Your new connection must double your existing speed if your current speed is less than 50Mbps; or be at least 100Mbps if your current speed is more than 50Mbps.

Benefits of Ultrafast Full Fibre broadband

- Enjoy gigabit capable speeds, that's up to 1Gbps
- Connect multiple devices with no buffering - surf, shop, game, play, click, teach, talk, work, create, learn, buy, sell and watch without slowing down
- Ultrafast Full Fibre broadband is not just faster, more reliable and future-proof; it offers environmental benefits too

How much will it cost?

Full Fibre is not as expensive as you may think. Prices vary per provider. You could also ask your existing provider about an upgrade.

Can I use the voucher to meet my current broadband costs?

No. The voucher can only be put towards the cost of the network build only. You will have to pay for a broadband package.

1

Visit the website and pledge your voucher

2

Encourage others to do the same

3

Look out for your UK Government email to validate your voucher

4

We'll start building when we have enough confirmed vouchers

5

You need to order a Full Fibre service when it's live

6

Look out for your UK Government email and confirm you're connected
